Wedding

Letsack - Hanson

A quiet wedding took place on Nov 4 at the home of Mr and Mrs Paul Anhorn of New Westminster B.C. when Miss Florence Mary Hanson became the bride of Mr Jacob Letsack jr. The bride wore a wine crepe dress with a white lace collar and carried a bouquet of pink and white carnations. Miss Ivy Hanson sister of the bride, was bridesmaid, carried a bouquet of pink carnations. The groom was attended by his brother Mr Ben Letsack. Rev. C A Guenshon officiated.

The wedding supper was served at home of the bride.

The Happy couple reside on a farm near Ladner B.C.

If Christ Came To Champion

Would Find Selfishness Rampant?

During the past few days there have been many statements made in connection with the campaign of the Red Cross which can not make other than a direct appeal to the human instincts.

Few people may realize that the story of the Good Samaritan in the Bible is just as true today as when it was told by Christ. Indeed we are informed that many instances are to be found to indicate that human selfishness is still rampant.

We cannot believe that if an accident were to happen on the main street of Champion when as a result of a car turning over and one woman had both feet severed from her body the driver of the car mortally wounded that residents would take the attitude let the local doctor attend to this, we do not wish to get mixed up in a court action, or we do not wish to appear to cater to such and such a man. The Chronicle misjudges the people of Champion if we are not correct in saying that not one man who was able to do anything but would lend a hand in making the injured comfortable.

The people realize that the Red Cross is serving with THEIR hands, those disabled whether through war or through flood or disaster and yet there appears to be a slowness on the part of some to respond to the call.

The Red Cross is an international organization but with a Canadian unit served overseas by Rt. Honorable R B Bennett and Lord Tweedsmuir as president. All money collected must be accounted for by the provincial and national organization. Appeals have gone out by Lord Tweedsmuir, the Prime Minister, and leader of the opposition while the Mayors of cities and towns are lending their support. Men of prominence are heading the organizations from coast to coast.

For some reason or other locally there is not the response which we feel the people of Champion would wish to make. Knowing what the Red Cross stands for, as practically every resident does, it surely cannot be the wish of the people of the district to tell the people of Calgary and elsewhere, we are not responding because we do not wish to work with the officers which you have in Champion, we are too busy, we can not knit or sew, we will make up contributions dollar for dollar with those who all of a sudden have become enthusiasts. Should any one of these complaints even be justified the responsibility to suffering humanity is all the more for Christ's teaching is that irrespective of what animosity we may feel we should prove to be the good Samaritan.

Church Scene Of Wedding

The Pentecostal Church at Bowville was the scene of a pretty wedding ceremony on Tuesday November 7 when Ada M Akitt, daughter of Mr and Mrs John Akitt of Carmangay, became the bride of Alfred Carl Vaag. The ceremony was performed by the Reverend Mr Dolby of Claresholm assisted by Pastor Ansley.

To the strains of the wedding music played by Mrs Ansley the bride entered the church on the arm of her father who gave her in marriage. The brides sister Miss Isabell acted as bridesmaid while the groom was supported by Herbert Akitt, brother of bride. During the signing of the register Mrs Schneider sang 'I love you truly.'

The bride looked lovely in a gown of white satin floor length, with customary veil and carried a bouquet of pink roses. The bridesmaid chose a floor length taffeta.

A reception was held at the home of the bride's home and following their honeymoon they will take up residence in the district, where the groom is a successful farmer.

High Test

Students at the Champion school are making excellent progress with the commercial course in typewriting according to information secured by The Chronicle.

This week a record for speed by Miriam Tuisku who obtained 49 words per minute without an error in the I A typing class. This is not only a local record but is classed as excellent.

Red Cross Drive A Success

At the time of going to press it was stated that some \$250 had been secured in the local drive for the Red Cross. As the campaign only started Monday this is considered good.

In addition there has been a good response from non residents who live in the United States and other points will swell the local drive and Champion will maintain her standing as being loyal to the British Empire.

One youth, who is expected to enlist shortly stated, I expect I may go to France and may suffer wounds but until such time as that happens I feel it my duty to contribute to the Red Cross.

Don't wait for the canvassers. Send your amount to the representative in your district or direct to Clark Rhodes.

WOMANS INSTITUTE

Mrs Dr. E H Freeze was a charming hostess to members of the Women's Institute on Tuesday when Miss E Schulz was guest speaker and Mrs Watkins gave a report of the provincial convention and the national body meet in Edmonton. There was a good attendance and all enjoyed the social hour.

CAMPBELLS ROBBED

Sometime Monday night or Tuesday morning Campbell's was broken into and goods to the value of \$200 taken. The police are working on the case but no arrests have been made.

Entrance was gained through the front door which was forced. Dress goods, jackets, shirts, ties and men's goods were taken.

Constable Ridley of the R C M P was on the job as soon as notified.

Strawberries In Victoria

While chilly blasts and leaf-shedding trees mark the approach of winter in Eastern Canada, horticultural-minded British Columbians on the west coast are picking fine, fat, full-flavored strawberries from thick beds. This picture taken recently in the garden of Mrs. Rudolph Olsen, Victoria, shows Miss Muriel Laurence with some of the luscious berries the garden has been producing. Golf, tennis, swimming and riding are among the recreations available to visitors all winter long, and inquiries at Canadian Pacific offices and reservations at the Empress Hotel indicate that Canadians in large numbers are turning to the West Coast evergreen playground for their winter holidays.

School Board Meet

Award Contract To Art Davies

At the regular monthly meeting of the school Board held on Tuesday evening presided over by Fred Fleming a reply was received from the department of education regarding the amounts paid by the larger unit for tuition fees for non residents. It will be recalled that the amount agreed to be paid by the Lethbridge, Foothill and McLeod units varied one not paying any. The letter stated that under the act the Unit Boards were given discretionary powers as to what be would paid.

Members of the Board felt that they had been led astray as to the amount of money which they would receive by accepting pupils from other units and an effort will be made to secure an extra grant. At the moment it appears that Champion is actually financing the cost of education for certain districts. In as much as there is likely to be other schools close and pupils come in it was felt that a business basis should be found so that the cost would be fair and equitable.

Art Davies was given the contract of filling up the cesspool at the school. There was only one other tender and it was based upon 50c cents per cubic yard whereas the first named gave a flat rate of \$10 for the job.

Disappointment was expressed at the action of the young people on Halloween, the breaking of the lock on the shed being particularly dangerous. Tax payers are groaning under the cost of education and these same foolish young people whom they have helped do not hesitate to damage property.

Many others problems were discussed, including the collection of taxes, payment of accounts ordering supplies.

Many Sign Petition

Residents of the districts are urged to sign the petition asking the Board of the P.F. R. A to submit a formal proposal for the irrigation of this district.

There has been many sign the petition at Farmers and McIntyres so far but of course it is desirable that more signed before sending to Regina.

Passed Away

In the death of Mrs Rena Fairweather at Calgary last week another well known old time has passed away. Burial was in Calgary. Mrs Fairweather was born in Rochdale Lancashire, England but has been a resident of Calgary for 18 years. Surviving are two sons, Rev Edwin Fairweather, Boston Ernest of Rochdale 3 daughters Mrs W Ogden and Mrs Bacterworth and Mrs Edith Wright of Calgary 13 grandchildren also survive.

JOCK'S WAGGIN' TONGUE

Vol. 3 Thur. Nov. 16 No. 41

Jock McIntyre, Editor

Friends have you called around and signed the petitions for the Champion Irrigation project yet? Every man woman and child should get their names on the list. Lets do some boosting.

Are you looking for a bargain in a used car or truck? We have a model A Ford coupe thats a dinger a G boy Dodge ton truck at a real bargain, a Chevrolet Lt. Deliver thats worth while seeing and a Oldsmobile sedan that is real value.

Mrs. Leonard and Guy Voisey are home from a trip east and report a big time and a pleasant trip.

Eye it, Try it, Buy it the new 40 Chevrolet.

Fay, Oscar, Martin and Tom Sletto are away on a short trip to Spokane.

Join the Red Cross this week and buy your hardware at McIntyre.

Mrs and Dr Heal were Champion visitors this week and they are both looking fine after their recent accident that must have been nearly fatal.

See the Clare Jewel and Fladlay ranges they are really easy on the eye and easy to own

Pre war prices still prevail at our store and we pledge ourselves to keep them there as long as it is at all possible. We want to be your Hardware Merchants.

Mrs Williamson and Horace Gill are home from the Hospital and are feeling fine they report that Mrs Highland and Ralph Steves are doing nicely.

Folks we have a fine display of "one holers" on hand. Why worry about cold weather.

MCINTYRE & Co

Advertising Rates—Commercial Display rates on application. Reading notices or locals, 10 cents per count line, and a minimum of 25 cents.

Government, Municipal and Legal advertising at Legal rates. Notices of concerts, socials and all entertainments to which an admission is charged or of which the object is to raise money, 10 cents per count line for the first insertion.

Classified two cents per word per insertion, minimum 25 cents, cash with order.

Advertising copy should be in this office Monday, and not later than Tuesday.

News items always appreciated and should also be in this office as in advertising rules. All items subject to editor's approval.

Cancellation—We find that our subscribers prefer not to have their subscriptions interrupted in case they fail to remit before expiration. Subscriptions will not be carried in arrears over six months, but we presume the subscriber wishes the paper continued unless cancelled.

-Editorial-

Weekly Papers Lead, Support Needed

At the recent convention of the Alberta Weekly Newspaper Association held in Edmonton some interesting information was presented to the members by Professor Cameron regarding the reading public of this province.

A survey has been conducted by the government questionnaires being distributed to the youth training schools this year and the information secured is most encouraging to weekly editors.

Seventy two percent of householders get the weekly newspapers and only thirty four percent get dailies. On the farm paper question, six percent get none, twenty one percent get only one, and thirty seven percent get more than one. Other periodicals other than farm magazines, also were canvassed and thirty six percent get none, twenty seven percent get only one and sixteen percent get more than two.

Thus despite the talk on the decline of the weekly press in favour of the daily and radio it has been shown by an independent analysis that the weekly press of Alberta are heading the list of medium for giving the public information.

In Champion Carmangay, Barons and other sections where this paper covers there is no question but what our paper is read. Hundreds of radio sets bring the national news each day to the homes, while the splendid daily Newspapers serving this district and southern Alberta yet we have no hesitation in saying that the percentage of those who read our paper will compare favorably with the figures given above. The people of the district appreciate their paper and read it as evidence of the response to advertisements and news items such as the irrigation project.

This being true it is hoped that the people of the district realize the need for support if this paper is to be successful by giving job work and otherwise showing good will in a practical way. It is not fair to expect support for organizations or individuals if such do not in return have their legitimate printing requirements or advertising done through this plant. Last year one publisher gave details of the amount of space he gave to the various organizations boasting same and also the amount of actual revenue he received from these same people. We would not propose to do this as it only creates ill will but simply bring to the attention of the public the need for local support knowing that its value to the community is recognized.

Human Suffering Makes Appeal

POOL STAFF DONATES \$2,400 TO RED CROSS

The employees of the Head Office of the Alberta Wheat Pool have pledged themselves to donate \$2,400 within the next year to the Calgary branch of the Canadian Red Cross. The donation will be made on the basis of an one per cent deduction from salaries of all Pool employees in Calgary. The Calgary employees of this former co-operation grain handling company have taken the lead in showing their loyalty to the Canadian war effort in a tangible way. The decision to make the contribution was unanimous.

Charley Forsyth, Lux Radio Theatre sound expert, wore metal taps on his shoes for last week's play, "The Old Maid." When in the story Loretta Young had to walk across the floor, Forsyth tapped his toes for the sound of a lady's slippers. Miss Young was delighted with the sound. She told Forsyth that radio sound had improved drastically in last few years. In the early days of the radio, she said she was on a program in which she had to knock on a few doors herself. "I was playing a young girl," she said, but when the sound man rapped the doors for me, it sounded like a detective squad on a raid.

The lovable old philosopher and angler Izak Walton said that a friend of his once observed "Doubtless God could have made a better berry than the strawberry, but doubtless God never did." And so it may be said that doubtless God may have made a better tree fruit than the apple, but doubtless

God never did, for the apple is rightfully entitled to be King of Fruits.

Apples are now at their best in Canada — They are good as fresh fruit and for cooking.

There is no fruit richer in vitamin and mineral content than the apple.

By eating apples either cooked or raw you can help yourself to health and help the Canadian fruit grower.

Barons

Early this week word was received that Helen Lentsman lost her life in a car accident near Nelson BC. She was on her back from Nelson to Brilliant, where she held a teaching position. The car being turned on a narrow road couldn't be stopped and went over the edge. The vehicle with its occupants landed in eight feet of water. All the other except Miss Lentsman's have been recovered. The deceased girl's father Mr. Lentsman left for Nelson on Wednesday accompanied by Mr. and Mrs. August Hebenik and Mr. Erdman.

Last Sunday a surprise birthday party honoring Mrs. Martin Silberman was held at her home. A number of friends were present.

On Thurs at the Sherwood home a shower was given by Helen Jacobson and Betty Sherwood in complement to Miss Frances Dayman, bride-elect. The numerous lovely gifts were arranged under a pink and white 3 tier cake decorated with toy dolls representing a bride and groom. Contests were won by Mrs. Hobbs and Miss Dayman.

The 'Main Street' Market

is your major market!

The buying power of 'Main Street' is not a novelist's dream, but a vibrant merchandising reality. Concentrated in towns and villages across the Dominion, it is responsible for 69 percent of retail sales in the whole of Canada.

By advertising in Canada's Weekly Newspapers you tap the full force of that buying power with a resultful precision impossible to achieve through any other medium.

Why? Because the predominate interests of the people who live in those towns and villages are absolutely local. Because the Weekly Newspapers ALONE cater to and stimulate localized interests. And because your product advertised in the Weekly Newspapers assumes an intimate, LOCALIZED significance to those who possess and exercise that 69 percent buying power at point of sale.

Canada's "Main Street" Market is your major market. And Canada's Weekly Newspapers are your most economical most direct most effective means of reaching it.

The Champion Chronicle is here to serve you.
